Change owner domain + web space

Remove 60-day transfer lock.*

Change owner web space only

*When the owner of a gTLD domain is changed, the domain can't be transferred for 60 days. Check this box if you would like to be able to transfer the domain to another host within 60 days.

Change owner domain only

To process your request, we require valid identification of the current owner:

- **Private person:** Copy of a valid picture ID (i.e. passport, driver's license or similar).
- **Company/organization:** Valid picture ID **AND** a company stamp, letterhead or excerpt of the registry

I will include the following identification:

We only need to see the date of birth, full name, signature and expiry date on your ID - for your safety, please conceal or retract all other information.

Current Owner (typed signature not valid)

New Owner (typed signature not valid)

By signing this document, I hereby declare that I have read and accepted the terms and conditions mentioned on www.one.com and payment of **€19,99 + VAT** per domain being handed over. The Current Owner also hands over all rights and commitments for the web space, including the domain (only if the box is checked), to the New Owner.

To confirm the owner change for a **.fi** or **.be** domain, we need you to [provide us with the Auth-ID or transfer token](#). The email with the Auth-ID/transfer token will be sent to the current domain owner. To read the full registrant change procedure for **.be** at DNS Belgium, [please click here](#).
