Request to change the IPS Tag

I understand that by changing the IPS Tag my domain will be moved away from one.com to another registrar.

The associated website, email and other content on our servers will be detached from the domain.

I request to change the IPS tag for domain: _____
Please enter the full domain; e.g. domain.co.uk

The new IPS tag is: _____

Name/contact person: _____
As registered on the domain

Company/organization: _____
Authorized signatory if company

Email address: _____

For a **Company/organization** we require:
Registry excerpt, company stamp or this form printed with a letterhead

Signature and date: _____
Please note that a typed signature is not valid

Please [send a message to our admin support](#) and attach the signed form.
